

## 73

*Design: Omer Arbel*

### *Description*

Suspension lamp with blown glass, braided metal coaxial cable, brushed nickel or white powder coated canopy. It results from blowing liquid glass into a folded and highly heat-resistant ceramic fabric vessel. The resulting shape has a formal and textural expression intuitively associated with fabric, which becomes permanent and rigid as it cools. A flat LED is positioned to fill the resulting volume with diffuse light, accentuating the volumetric perception of the piece. A flexible suspension system enables pendants to be nestled in close-knit groups or loosely composed in a wider field, allowing each piece to be perceived individually. Pendant available in clear, grey 1, grey 2 or grey 3. Blue or green pendants are also available. Designed by Bocci.

### *Finishes and materials*

**Structure:** Braided metal coaxial cable.

**Canopy:** Brushed nickel or white powder coated.

**Pendants:** Clear, grey 1, grey 2, grey 3, blue or green.
