

Samba

Design: Kris Van Puyvelde

Description

Lounge chair with frame in coated aluminum. Seat and back made in woven Olefin fiber. Optional back cushion is available. Designed by Royal Botania.

Dimensions

26"1/8W x 27"1/8D x 28"3/8H

Seat height: 14"1/8

Armrest height: 22"3/8

Finishes and materials

Frame: Coated aluminum - Black (A) or Bronze (BR).

Seat and back: Woven Olefin fiber.

Optional cushion: Fabric cat. A, cat. B or cat. C.

Aluminium is a non-ferrous metal, which combines great mechanical rigidity with light weight; this makes it especially suitable for making furniture. If treated correctly it has a good resistance to corrosion. One of the treatments is powder coating. After a chemical pre-treatment an epoxy powder is applied statically and baked.

Olefin is a synthetic fiber made from polyethylene. The advantage of this fiber is its strength, colour fastness and comfort. Also it is very resistant to staining and different weather conditions.
