Product: Onassis Home Cinema Seatings

COMPONENTS

The combination of linear design and precious materials creates a unique product of peculiar and high-impact beauty. Onassis chair pays tribute to the multifaceted luxury of Art Déco style, which has recently come back into vogue. Onassis recliner is upholstered with a precious fine-grained leather, and for this special edition it is in a Coconut Milk colour giving a touch of nautical style that goes beautifully with luxury yachts interiors.
The armrest is refinished with a geometric pattern, quilted along its whole length,completing and enhancing the recliner.
