Design: Barovier&Toso

Description

At the very heart of it all is the culmination of seven hundred years of tradition handed down from father to son through changing times and fashions: a collection of chandeliers rich in history, detail and emotion. It is comprised of four Murano chandeliers and a wall lamp, all featuring a recurring motif: 'rostrato', a technique invented by Ercole Barovier almost a century ago developing techniques used by his ancestors. In addition to crystal, it is available in four soft colors, with polished chrome finishings. Made in Italy.
