

## Il Pezzo 8

*Design: Barbara Bertocci and Cosimo Terzani*

### *Description*

A sparkling forest of legs support a majestic block of wood with strong, lively outlines. Table with top made of 2<sup>3</sup>/<sub>4</sub> thick solid ash boards, black stained. The black treatment allows the wood breathe. Furthermore the final coat on the top is done with Nanotechnology, an organic silica-based natural treatment which makes the wood water repellent. The legs are made of aluminum casting, finished in black and gold. A small brass cylinder seals the authenticity and uniqueness. Available in custom sizes and finishes. Made in Italy.

### *Finishes & Materials*

**Top:** Black stained ash and gold details.

**Legs:** Metal (Black - Gold).
