Cali

Design: gherardiarchitetti

Description

Bed with a particle board structure, upholstered in removable fabric, leather or tecnopelle. Characterized by two support feather cushions upholstered in fabric, leather or tecnopelle, always removable. Cushions are also available with a covering in contrast with the structure. Complete with integrated self-supporting bed base with beech wood slats. Among these, 6 are equipped with stiffness adjusters and 4 are with differentiated resistance for shoulder support.
Made in Italy.
