

Diva

Design: Alexander Lorenz

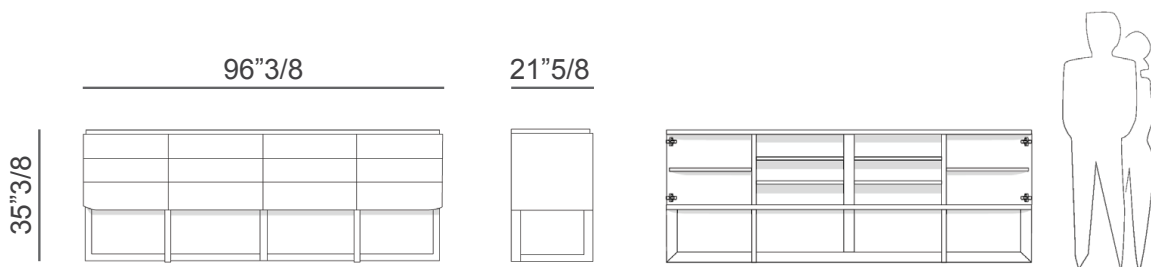

Description

The Diva sideboard, composed of an oak structure with two curved side doors and six drawers that satisfy every need for containment and order, is characterized by a play of delicate contrasts: the upper part of the cabinet develops following a rounded line at the ends, counterpointing the geometry created by the crossing of the legs. Made in Italy.

Dimensions

96"3/8W x 21"5/8D x 35"3/8H
