

# Windsor Dream

*Design: Manzoni E Tapinassi*

## *Description*

The Windsor Dream bed, a masterpiece in design, maintains the correct balance between classic and modern style, characteristic of the sofas in the range. The refined materials, particularly the handmade finishing and the tufted upholstery are emblematic of austere and sought after British elegance. The light motif, created by the typical buttons sunk into the upholstery forming rhombus patterns, cover the entire structure, including the headboard. Hence the Windsor Dream bed can even be placed in the centre of the room. The velvet version is pure luxury while the leather version is sophisticated richness.

## *Finishes and materials*

**Structure:** Wood. Slatted base

**Feet:** Metal with insert in beech wood, covered with leather or velvet 5"1/2H. Underfoot in steel.

**Slatted Base:** 13"3/4H.
