

Deli

Design: Bonaldo Lab

Description

Deli is a classic designer chair with upholstery in leather, eco-leather or emery-leather. The legs can be fully upholstered or visible, in painted metal, creating interesting contrasts with the upholstered section. Cover not removable. The structure is made of steel and the padding comes with high density, shrink-resistant rubber.

Deli has an essential, clean and minimalist style, embellished with fine sartorial details and designed to ensure the utmost comfort thanks to the soft seat and the wide and low backrest. Made in Italy.

Dimensions

17"3/8W x 21"5/8D x 33"1/4H

Seat height: 18"1/8
