

Duffy

Design: Mario Mazzer

Description

Duffy is a coffee table of great simplicity, which fits with ease in environments with various levels of style. It's made of high-density lacquered polyurethane material.

As the transformation of a sinuous and well-balanced shape into an elegant structural element, Duffy's lines evolve in space with lightness and graphic value and are enhanced by a color choice. Made in Italy.

Dimensions

23"5/8W x 23"5/8D x 18"7/8H
