

Président

Design: Barovier&Toso

Description

Where there is a Première Dame, there must also be a Président. This richly decorated and sophisticated design is worthy of the most magnificent interiors; this collection is characterized by varying glasswork and original pendant fabrication. The six lamps in the collection are available in twelve, fourteen, eighteen, twenty-four and thirty-six lights: the eighteen light version is available in two different lengths, while the thirty-six light version is ideal for large contexts. Details are in polished chrome or galvanized gold (gold glass only).

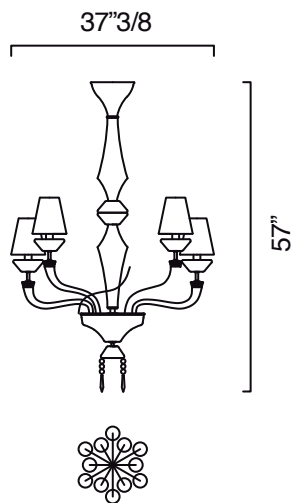

Available in ten different Murano glass colors.
