

Hanami

Design: Barovier&Toso

Description

As in a modern artwork, the same element is repeated and multiplied almost infinitely. The reiteration of a simple modular form generates an organic, homogenous volume. Actually, the individual bubbles are never quite the same; the glassblowing technique and handwork make the multiples similar but never equal, meaning that every composition is truly unique.

UL listed lighting. Made in Italy.

Finishes & Materials

Murano Diffusers: Venetian Crystal

Canopy & Details: Metal.
