

Twin

Design: STC Studio

Description

The design of this long-lined floor lamp features two slender, almost identical steel wires, with LED lights that illuminate the environment evenly, supported by a circular base with an essential, elegant design.

This lamp completes the environment with a shape that is light and whimsical at the same time.
Made in Italy.

Light source: LED 21W 2750lm 3000K, with switch and dimmer.
