

Armature 28

Description

28 series armature system in black powder coated stainless steel.

Ceiling lamp is made by an innovative fabrication process that manipulates both the temperature and the direction of air flow into blown glass. The result is a slightly distorted sphere with an interior landscape of satellite shapes, including an opaque milk glass diffuser that houses a LED lamp.

A steel armature system in a soft-touch matt black finish allows pre-composed branches to be easily connected to a series of hubs during installation.

The series are available in different color ways making every fixture unique in form and composition. The fixture can be leveled with pendant anchor kit (if necessary).

LED lamps, power supplies, and pendant anchor kits are included.

Standard armature comes with 19"5/8 extender.

Also additional extender is available (maximum drop 98"3/8) in 5"7/8, 9"7/8, 19"5/8 and 47"1/4.

Finishes & Materials

Armature: Matt black rubberized stainless steel.

Pendants: Clear or colored glass.
