Des i i

Arial is a collection of freestanding bookshelves and console that chooses wood as a material of excellence combined with more tech materials.

Sinuous and pure lines for the Ariel bookcase, characterized by a very tight frame and reduced section, in bronzed brass or anthracite embossed metal, with contrasting feet.

Ideal endorsed on walls, as well as in the center of the room, for a delicate and elegant partition of the ambiances, the Ariel freestanding bookcase consists of shelves in ash wood or Canaletto walnut, with alternating pitches, with a tapering at the edges that accentuates its aerial character.

Arial is also available, optionally, with wooden drawers that expand its functionality. Made in Italy.
