

# Otab

*Design: Gabriele e Oscar Buratti*

## Description

Otab is a proposal played on proportions: the imposing volume of the base is counterpointed by the essentiality of the top.

A material monolith that arises from the combination of two pure and geometric shapes, the circle, and the cylinder. A particular detail in bronzed brass lifts the base from the ground and draws its profile. The top is available in two versions: in ash wood, with solid edges, or in marble. A matching accessory is available: lazy susan, a central rotating plate in marble.

This table has different finishes combinations depending on the top's measures. Made in Italy.

## Dimensions

**A:** Ø63" x 29"1/2H  
**B:** Ø70"7/8 x 29"1/2H

## Finishes and materials

**Base:** Ash wood  
**Top:** Ash wood or Marble
