

Florian

Design: Barovier&Toso

Description

Barovier&Toso's historic archives provide a wealth of inspiration, and it was through them that the Florian design, a non-circular chandelier, was conceived. The lines of Florian are so retro but at the same time so contemporary, accentuated by massive Venetian crystal lampshades created using the "rostrato" technique invented by Ercole Barovier, intensifying the sparkle of the lights, and making this chandelier a unique piece of craftsmanship. Available in polished chrome, dark chrome or fine brushed brass finish. A luxury Italian Murano Chandelier, ideal for sophisticated Interior Design or Architectural projects. Made in Italy.

Finishes and materials

Murano Structure & Arms: Crystal.

Metal Structure: Polished chrome, Dark chrome or Fine brushed brass.
