

Swing

Design: Barovier&Toso

Description

With similarities to a saxophone, the Loch Ness Monster or a cornucopia, the handmade element that makes up the Swing light is an elegant surface-worked glass that adds a wonderful dynamism and amazing attention-capturing presence to this collection. Supported by thin steel cables that are fixed directly to the ceiling, these elements produce gently curving and a free-form shape. These are extremely versatile as they can be placed side by side in order to form long rows of elements that can be positioned as desired: a flexible swaying composition, a more linear and ordered arrangement, or anywhere in between. The light is projected onto the elements by powerful dimmable LED spotlights that are included in a thin chrome tube which can be installed where desired. Made in Italy.

Finishes and materials

Elements: Venetian Crystal in different colors available.

Canopy: Polished chrome (CL).

Swing

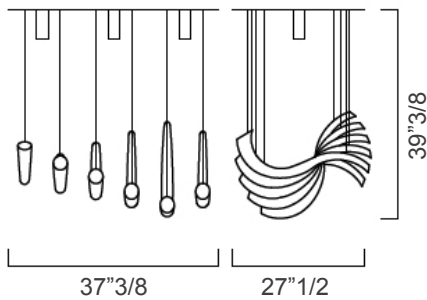

Dimensions

A) 7329

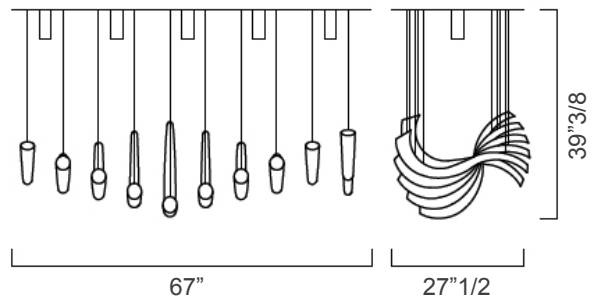

37"3/8W x 27"1/2D x 39"3/8H

B) 7330

67"W x 27"1/2D x 39"3/8H

7329 (A)

7330 (B)

Light sources:

A) LED 3 x 5,30W GU10 - Dimmable

B) LED 5 x 5,30W GU10 - Dimmable
