

Il Pezzo 8

Description

A sparkling forest of twisted legs made by casting, creates a stunning display of contrasting colors. This awe-inspiring base provides unwavering support to the extra clear glass tabletop, allowing its transparency to showcase the captivating base.

The legs of Il Pezzo 8 Table are crafted by master artisans in a renowned Tuscan foundry utilizing the time-honored technique of sand casting. Witnessing the transformation of liquid aluminum into intricate shapes is a truly remarkable experience. This process allows to gain a profound appreciation for the final outcome: solid, captivating legs that possess a unique artisanal charm.

Each table is numbered and shows the “Missing Piece” (“Pezzo Mancante” in Italian): a small brass cylinder containing a unique serial number, guarantees its authenticity and individuality.

Il Pezzo Mancante constantly strives to create unparalleled works of art, where each piece is a testament to their commitment to craftsmanship and innovation.

Made in Italy.
