

Il Pezzo 8

Description

A sparkling forest of legs support a majestic block of wood with strong, lively outlines.

Il Pezzo 8 is a collection of colour, shape and materials you can lose yourself in. It is romantic, sinuous and light and at the same time solid, rich and imposing.

The tabletop has an organic shape, made of 2"3/4 thick wood.

The choice of the wood grain alignment is done with great care to create flowing veins and colours throughout the top.

The treatment on the wood is done with natural oil that protects the wood but at the same time allows it breathe, leaving the extraordinary feel of this beautiful, natural material unchanged to the touch.

Furthermore the final coat on the top is done with Nanotechnology, an organic silica-based natural treatment which makes the wood water repellent.

Each piece is numbered: a small brass cylinder, containing serial number, seals the authenticity and uniqueness.

Made in Italy.

Materials

Top: Solid wood with some inlays in brass.
