

# Ola

*Design: Radice & Orlandini*

## Description

The Ola family of seats is characterized by the shape of the enveloping backrest, made of metal rod, which recalls the fluid image of waves.

The lounge chair, made with a lacquered outdoor metal structure with a hand-woven "Fly" ribbon covering, has legs in painted AISI 316 stainless steel tube and a soft seat cushion included with removable covers. The interior of the cushion is made of fireproof polyurethane foam and polyester padding. Waterproof fabric lining with taped seams; Final lining in fabrics from the outdoor catalog with a breathable mesh bottom. Made in Italy.
