Design: Giacomo Moor

Description

Suspended desk. The opening of the unit, characterized by the Dual-Flap® system in which the large door and a portion of the top open simultaneously, transforms the door into practical desk and reveals the interior, finished in dark stained walnut wood and perfectly arranged with shelves, small drawer for pens and power plugs (2 Shuko and 2 USB).

At the same time, the small top remains open with the right angle to facilitate access to the compartment and illuminates the interior with a continuous beam of light, thanks to a LED lamp perfectly integrated in the thickness of the top.

Top and door are available in glossy or matt lacquered wood in a wide range of colors and the sides and internal uprights are matt lacquered in the same color as the door. Made in Italy.

Dimensions

Closed desk: 60"5/8W x 19"5/8D x 9"H

Open desk: 60"5/8W x 26"3/4D x 9"H
