Description

A bookcase designed to display books horizontally. Standard compartments characterized by a variety of shelving positions where also big volumes have a place. The single unit can always be turned upside down. You can flank more units, thus creating a continuous or discontinuous pattern in the shelves. To this purpose the plinth is delivered unmounted so as to be used as desired.

Uprights and shelves in thickness 3/8, made from MD wood fibreboards, matt lacquer finish; back painted in matt lacquered colors, thickness 3/8". By flanking more units, you can create large sized configurations. Adjustable feet to 5/8". For safety reasons, it is highly recommended to fix the unit to the wall. Please note: it is suggested not to fix the units horizontally. Made in Italy.
