

S Table

Design: Xavier Lust

Description

Round or oval table with an S-shaped twisted stand, moulded in: • Cristalplant (a composite material made up of natural minerals and polyester and acrylic polymers) in matt white • Ceramilux (a material composed of natural minerals and polyester resin) lacquered gloss black • Reconstructed marble: this particular finish is made of reconstructed marble starting from the marble powder that, appropriately mixed with a binding resin, is spread manually over the entire surface of the Cristalplant stand. Finishes: black Ebony marble and white Carrara marble. The mould gives shape to its unusual design through self-rotating multiple openings. The stand is provided with adjustable feet.

Finishes & Materials

Top: Marble.

Stand: Cristalplant® / Ceramilux®.
