

Tense Material

Design: Piergiorgio & Michele Cazzaniga

Description

Tense Material is the name of an Italian versatile collection of tables with mono-material finishes. The important technological innovation it incorporates, combined with the tensioning capacity of the components makes it possible to build tabletops in large sizes which remain perfectly flat and also extremely light.

Tense represents the core, the primary concept of the table idea, so unique and minimal to adapt to many different spaces, both residential and contract.

Small, discreet, essential: Tense Low table combines practicality with a contemporary design, typical of the Tense family. Available in a wide range of dimensions and finishes - from resin, to wood, stone and marble -, Tense Low Table fits into both residential and contract contexts. Perfect in modern but also classic living rooms, it adapts to receptions, lounge areas and waiting rooms.

Family of rectangular and square coffee tables made with the same materials and in the same finishes of the tables Tense and Tense Material.

With an elegant Modern style, this Italian piece is perfect to enhance any sophisticated dining area. Made in Italy.
