

Magritte

Design: Barovier&Toso

Description

The Magritte Chandelier is the result of a conceptual work that investigates the idea of a chandelier to the point of rethinking and deconstructing it. Inspired by the surrealist language, this collection presents itself with a scenographic and elegant layout, on multiple levels, as tradition dictates, but in reality it reveals a new and avant-garde design. The classic central core with arms leaves room for a modular satellite system, conceived to be extended concentrically, like a cloud of light and blown glass. Made with the best Venetian glass, available in many colors, and metal parts in Polished Chrome or Galvanized Gold. Made in Italy.

Finishes & Materials

Structure in Murano: Crystal, Cadet Blue, Periwinkle, Olive, Sand, Indigo, Grey, Bluastro, Violet and Gold.

Metal parts: Polished Chrome or Galvanized Gold (Gold glass only).
