

Holly

Design: Luca Signoretti

Description

Chair with a high-end base with legs in embossed lacquered steel. The refined cover is available in fabric or leather. Each element of this chair has a soft and rounded line. In particular, the legs are composed of a pair of metal stems, curved outwards and towards each other, which create a delicate tension in the structure.

The seat is large, while the compact backrest is designed to give maximum comfort, even with modest dimensions. The curved seam on the back of the backrest highlights the roundness of the chair. Made in Italy.

Dimensions

20"7/8W x 21"1/4D x 33"H

Seat height: 18"1/2
