

Mariel ML

Design: Paolo Cattelan

Technical information:

Base in steel varnished with epoxy powders. Seat and back in birch and poplar plywood. Filling in polyurethane foam with variable density. Cover and finishes as per sample card. Suitable only for indoor use.

Description

Chair covered in fabric or leather that features a refined metal base with 4 legs. The wraparound backrest is like a shell with a protective feel, with soft padding and quality upholstery.

The seat is wide and comfortable, while the structure attracts the attention of an eye that knows how to distinguish the quality of materials and artisan production techniques. The tailoring on the backrest highlights some stitching that redesigns the wide silhouette of this comfortable chair.

Made in Italy.

Dimensions

20"7/8W x 24"3/4D x 34"5/8H

Seat height: 18"7/8
