

Velar

Design: Carlo Rocchetti

Description

Suspension lamp with diffuser in artistic decorated glass. Canopy in black chrome steel. LED lights.

This lamp is produced by folding a sheet of glass on itself, creating two asymmetrical tips with a studied geometry. Velar has a simple design embellished with carefully selected details, such as the rough surface of the glass and the more intense smoky color towards the centre.

A LED light is positioned along the central fold and radiates the shade of the glass. Made in Italy.

Optionals: additional cable 78"3/4 long and remote control and receiver.

Light source:

1 and 2: 110V 10W LED lighting system, 1280lm 3000K.

4: 110V 10W 4 LED lighting system, 1280lm x 4 3000K.

Dimensions

Single light 1: 23"5/8W x 8"5/8D x 10"5/8"H
+ 98"3/8 maxH of Tensors and Canopy

Single light 2: 28"3/8W x 9"D x 11"3/8H
+ 98"3/8 maxH of Tensors and Canopy

4 lights composition: Ø9"7/8 x 1"1/8H Socket

Canopy single light: Ø6"5/8

Canopy for composition: Ø9"7/8
