

# Backdrop

*Design: Alain Gilles*

## Description

Sideboard with structure and doors in wood and plinth base in black metal. The main characteristic of this piece of furniture is the vertical cut of the doors, which evokes a sense of calm, thanks to its repetition along the entire length. The design is well-structured: the vertical lines hide the grooves used to open the doors. The structure is light and goes almost unnoticed, designed to discreetly enhance the regularity of the front elements. Made in Italy.

## Dimensions

**A)** 72"7/8W x 19"5/8D x 29"1/2H  
1 inside shelf (A) in transparent glass  
Maximum capacity: 22 lb (10 kg)
