Description

Bookcase that stems from the minimalist design marked by pure simplicity. The shelves are supported by metal uprights featuring small holes, thus allowing you to position the shelves at different heights. That way, it is possible to have aligned or staggered shelves. Available in different size modules which can be joined together to create numerous compositions. Made in Italy.

Notes:

- . Maximum capacity of shelves is 33 lb (15 kg per shelf).
- . The bookcase must be fixed to the wall.
