

## Pivot

*Design: Marconato and Zappa*

### *Description*

Fixed table with a strong personality, where the asymmetric elements of its base are enhanced by the skilful use of materials. The Pivot table takes its name from the unusual shape of the base: the central leg acts as a pivot for the three legs which extend to the sides. The result is an asymmetric and highly original combination.

The legs are made of solid wood with 6 monocolour metal inserts, while the top is available in marble, wood, glass or ceramic. Offered in two versions, with round or shaped (rectangular with round edges) top. Made in Italy.
