Design: Chi Wing Lo

Description

Bar cabinet with structure in curved plywood and Canaletto walnut veneer. Two versions available: with two doors or a cylindrical version with door in curved metal. The interior is available in white painted Fiddleback Sycamore or gold leaf decoration. Both versions are equipped with metal revolving trays painted in bronze color which can be regulated in height and have glass tops and LED lights. The base is metal painted in bronze color. The version with two doors can be accessorized with internal separators in Canaletto walnut. Made in Italy.
