

Gill

Design: Umberto Asnago

Description

Armchair with backrest and seat frame in tubular steel, embedded in cold formed polyurethane foam and covered by polyester wadding. The foam complies with the Italian Classe 1IM fire resistant law and is available on request for other international standards. The webbing is secured by elastic polypropylene and natural latex belts fixed to the seat frame. Base with four castors and leather insert. Non removable covers available in fabric or leather, mono-tone or two-tones. Made in Italy.

Dimensions

22"7/8W x 24"3/4D x 31"H

Seat height: 17"3/8
