

Beam

Design: Daniele Lo Scalzo Moscheri

Description

Sideboard with structure and back in E1 class particleboard wooden panels (MDF), in lacquered or veneered wood finish. Base in lacquered metal that continues all the way up, crossing the front. Doors in E1 particleboards panels (MDF), with fronts available in veneered wood and recycled bonded leather. The sideboard is finished at sight on the back. A tray in metal upholstered in recycled bonded leather and a tempered glass case are available on demand. Made in Italy.
