

Landscape

Design: Ross Lovegrove

Description

Chair with internal structure made from shaped steel and covered with expanded polyurethane foam padding.

In the Landscape version, the ergonomic shape of the backrest, fitted with a hard leather handle on the back, makes the seat comfortable and facilitates handling.

In the Landscape Up version, the seat is equipped with a removable height-adjustable backrest (trolley type handle), also useful for moving the ottoman.

Available with leather or fabric upholstery. Made in Italy.

Dimensions

Landscape:

17"3/8W x 17"3/4D x 33"H

Seat height: 19"1/4

Landscape Up:

17"3/8W x 15"3/4D x 27"1/2H

Seat height: 20"7/8
