

Luigio

Design: Marconato & Zappa

Description

Valet stand composed by three tubular metal elements, that emerge from an oval-shaped ceramic base, at the ends of which different wooden elements are mounted. The first ends in a coat hanger, carved in solid wood. The second element curves to form a support for trousers, but can also be used as a bag hook. The third, parallel to the first, ends with a tray that works as a storage container and a pocket emptier. The ceramic base is available in different finishes. Made in Italy.

Dimensions

23"1/4W x 17"3/4D x 47"5/8H
