

## Sculptural

*Design: Alain Gilles*

### *Description*

TV stand with structure in veneer wood. The surface is supported by five legs which form the base. The surface develops in a downward arc while it has a cavity in the rear which is useful for concealing cables, thereby ensuring the maximum in aesthetic performance. It can be used as a TV stand or a low console, placed against a wall under the TV or in the living room in front of a sofa. Made in Italy.

### *Dimensions*

110"1/4W x 19"5/8D x 13"H
