

118

Description

Single hand-blown glass pendant used with the table light hardware, which includes an integral dimming system housed within a sleek brass cylinder. The black fabric cord is semi-rigid and may be sculpted to add form. LED lamps and power cord are included. Dimmable with build-in dial control.

Glass has a memory: it holds onto shapes it was exposed to while still molten. 118's dozens of tiny feather-like forms in opal glass arise from this uncanny ability. When lit from within, the interior complexities of 118 come into even sharper detail.

The undulating interior layer of each 118 carries the ghost of the steel cage used in its formation. Air blown into its core pushes the molten glass into the recesses of the cage. Gravity and heat coax these unpredictable, multifarious tendrils to elongate, following the initial shape the steel has set for it. That cage, sheared off in a final step, is cleaned and used to seed another 118.

Dimensions

Pendant: $\pm \text{Ø}5''1/2 - 6''1/4$

$\pm \text{Ø}5''1/2 - 6''1/4$

Table Light Hardware

Specifications:

Glass Color: White

Lamp: 1W LED, 2700K, 100lm

Plug Type: Type A - 110V

Base: Ø3''

Cable length: 80''5/8 black flexible cord

Finish: Unlacquered brass base and dial control

Materials: Glass, brass, electrical components

Power Supply: Integral, dial control with build-in dimmer

Dimming: Built-in dimmer ONLY

Environment: Indoor, dry location. IP30
