

73

Description

Suspension lamp with blown glass with braided metal coaxial cable.

It results from blowing liquid glass into a folded and highly heat-resistant ceramic fabric vessel. The resulting shape has a formal and textural expression intuitively associated with fabric, which becomes permanent and rigid as it cools. A flat LED is positioned to fill the resulting volume with diffuse light, accentuating the volumetric perception of the piece.

A flexible suspension system enables pendants to be nestled in close-knit groups or loosely composed in a wider field, allowing each piece to be perceived individually.

Pendant available in clear, grey 1, grey 2 or grey 3.

This fixture requires design drawings to determine the specific cable lengths. Please review the length measuring guide and send it to our Sales Department. We will provide drawings for approval, which are required before Bocci can begin production. Please contact us for any inquiries.

Lamp: 1W LED, 2700K, 100lm

Materials: Blown glass, braided metal cable, electrical components, steel canopy.

Power Supply: Integral. Remote mounted for 73.1m.

Bocci recommends remote mounting power supplies for ease of long-term maintenance.

Environment: Indoor, dry location. IP30

Dimensions

73.13) Ø15"3/4

73.19) Ø19"3/4

Pendant: 9" - 15"W x 4"3/4 - 5"7/8D

Pendant

Ø15"3/4

Ø19"3/4

73.13) thirteen pendants

73.19) nineteen pendants

Length Measuring Guide

Please provide the following information:

1. Provide overall height of the room.
2. Determine maximum drop. Measure from the underside of the canopy (NOT away from floor).
3. Determine L x W install dimensions.
4. Provide a sketch of the ideal distribution of pendants relative to the canopy.
