

Camilla ML

Design: Luca Signoretti

Description

Armchair with structure in embossed lacquered steel. Cover available in fabric, synthetic nubuck, micro nubuck, soft leather or synthetic leather. The cover is not removable.

The horizontal seams on the back of the backrest produce three padded protrusions that end uniformly and very fluidly in the armrest. In the lower part of the backrest, the deep structure and the connection of the legs emphasise the softness of the enveloping curves.

With a perfect balance between the voluminous seat and the graceful legs, this seating is the perfect example of a chair with padded armrests that completes any room with delicacy and sensuality. Made in Italy.

Dimensions

24"3/4W x 24"3/8D x 32"5/8H

Seat height: 18"1/2
