

G-Code

Design: Dante O. Benini e Luca Gonzo

Description

Console with Canaletto walnut structure, available in three finishes. The top, with 30° bevelled edges, is available in marble and Canaletto walnut and is attached to a titanium lacquered MDF base, both supported by a metal structure characterized by 49 cylinders in three different sizes and finishes. The legs are characterized by a 90° Scarpian joinery on the corners of each leg reproduced in the special joinery on the front. The feet are height adjustable and the adjustment mechanism integrated into the frame is not visible. Made in Italy
