

## Mit

*Design: Massimo Castagna*

### *Description*

Chair with structure in curved and welded metal, available in polished chrome, polished gunmetal finish or matt black, champagne or Titanio lacquered. Shaped seat and backrest upholstered and covered with fabric, not removable. Upon request the seating can be with removable cover.

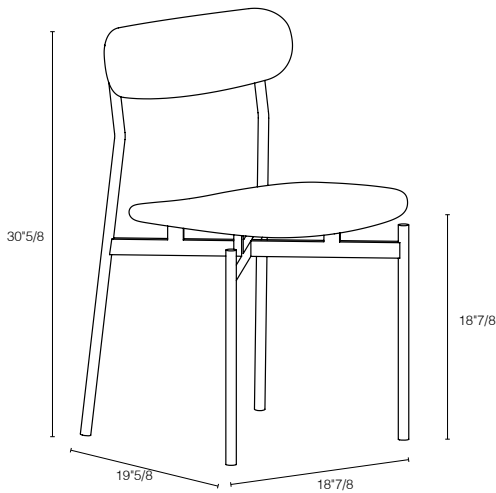

The stylish elegance combined with practicality and comfort make Mit a chair that blends with tables of different style and shape, also because of the vast choice of fabrics and finishes of the metal structure. The care in the manufacturing of the upholstered parts and the perfection of those in metal are the distinctive traits of the product.
