

Soft Glass

Design: Massimo Castagna

Description

The Collection Soft Glass characterized by modern and comfortable lines gains new elements and modules thought to offer a greater compositional liberty. The lightness that distinguishes the sofa Soft Glass is enhanced by the glass bases available also in smoked and bronze finish to combine with the fabric of the upholstered parts.

Sofa with supporting structure made of blockboard on stratified glass of 20mm, finish extra clear, smoked or bronze. Seatings, backrests and armrests in polyurethane foam with varying density covered with protective fabric. External lining in removable fabric with visible double stitching.
