

## Dune

*Design: Giuseppe Viganò*

### Description

TV stand with wooden front doors that feature a wavy surface which creates an alternation of light and shadow, while the metal base has an asymmetrical design that enhances the horizontal structure of the sideboard.

The Dune TV stand is available in two different color combinations: bronze lacquered wood structure and top, Canaletto walnut doors and bronze metal base or lead lacquered wood structure and top, coal oak doors and lead metal base. The base is offered in 2 models, high shaped or low plinth. Also the light version is available with LED strip positioned under the top. Made in Italy.
