

Flac

Design: Fabrice Berrux

Description

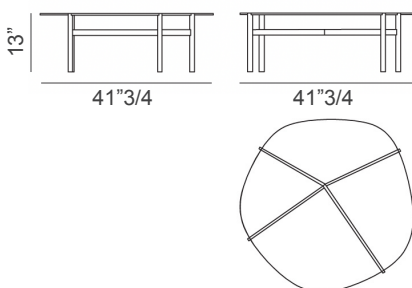

Collection of coffee tables available in three heights and three diameters (Flac low, Flac medium, Flac high). The characterizing element is the fused and tempered glass top which gives the effect of the surface of water: the top floats on a slender metal base which almost appears to be the mounting for a precious stone. The different heights at which the tables are offered allow the creation of interesting compositions. In the medium and low versions, the top is also available in wood, ceramic and marble. The metal base features a cross-joint between the legs. Made in Italy.

Dimensions

Flac High

41"3/4W x 41"3/4D x 14"1/8H

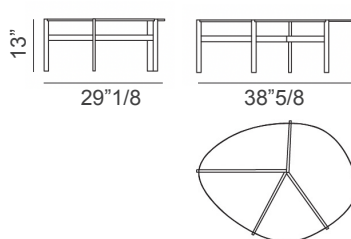

Flac High

Flac Medium

38"5/8W x 29"1/8D x 13"H

Flac Medium

Flac Low

30"5/8W x 31"D x 11"3/8H

Flac Low
