

Sella

Design: Ludovica & Roberto Palomba

Description

Sella, whose name reflects the shape and materiality of horse saddles, is a small upholstered collection made up of sofa and a lounge armchair with an essential and at the same time sinuous silhouette, capable of enhancing, thanks to the calibrated thicknesses, the external leather covering and the soft internal padding, the company's excellence in craftsmanship on an industrial scale. A product that strikes for its ephemeral lightness, feminine lines and firm sign. The collection also includes coffee tables with soft leather padded sides and in lacquered, marble or wood tops.
