

Air

Design: Daniele Lago

Description

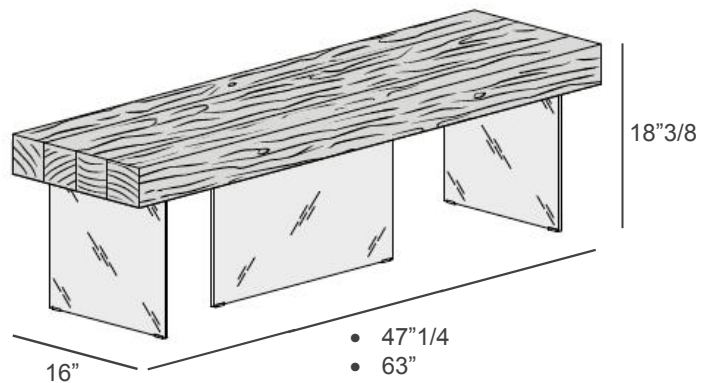

This oak wood bench on extra-clear glass supports looks as though it's floating on air, creating an ultra-light feel in the surrounding space. An oak wood seat with a rich, warm grain creates a harmonious contrast alongside the clear glass supports. The result is a stunning and original juxtaposition.

The Air Wildwood bench can accommodate 2 to 5 people, depending on the width of the seat, and works perfectly in tandem with the Air Wildwood table.

Made in Italy.
