

## Deba

*Design: Daniele Lago*

### ***Description***

The Deba console unit has a shaped slim top, decorated in striking materials. Thanks to its build on glass supports, it furnishes sophisticated spaces with a light touch.

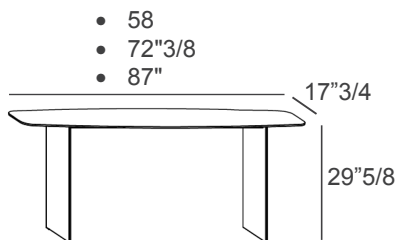

Noble glass is Lago's hallmark design material, giving this product its clean-look lines. The material is also heat treated, making it ultra-resistant. See-through sheets of tempered glass support the Deba console top, giving the monolith a striking floating effect. Made in Italy.
