

Glass

Design: Daniele Lago

Description

The transparencies of a 45° glass frame and an integrated lighting system surround the purity of the reflective surface. A minimalist design that produces attractive light effects and lightly reflects the harmony of the interior.

Available in square or vertical shapes, the Glass mirror is ideal for adding a touch of style to the bedroom and walk-in wardrobe, or for lightly combining with designer entrance furniture.

The frame of the Glass wall mirror consists of a robust 3/8" thick tempered glass.

This iconic workmanship embellishes the product, testifying to its construction quality and timeless beauty. The mirror's elegant glass frame and reflective surface are available in various shades.

These beautiful finishes turn the Glass mirror into light and elegant accessory that adds something special to your interiors.

Optional LED lighting 3000°K available. Power unit not included.

Made in Italy.
